

## Clichee cleaner KW 25 x 35 & KW 25 x 50

*comfortable & tidy*

- constant clichee depth by evenly cleaning
- no annoying decanting of washout solution
- handy cleaning by removable plush

## Clichee cleaner KW 25 x 35 & KW 25 x 50

**With these clichee cleaners KW25 x 35 and KW 25 x 50 of Media Service Grulms you clean your alcohol or water based cliches evenly, comfortably and tidy.**

By constantly cleaning your cliches you will receive a constant cliches depth, which is essential for an **evenly print image**.

The effective area of 250 x 350 mm resp. 250 x 500 mm allows you to work efficient and flexible.

This unit is equipped with a hand crank. By activating it the on a magnet panel fixed cliches which lays on a push panel at the same time too will be cleaned equally caused by the crank movement.

**No annoying decanting of washout solution.** In closed unit remaining medium will not evaporate (even not if volatile liquid). It is instantly at your disposal for the next cleaning procedure. The filling amounts to 8 liter.

If after numerous cleaning procedures an exchange of washout solution is due, the box will be emptied **conveniently by opening the bleeder on the back side**. To clean the push panel you can remove it out of the cleaner easily.

**Our recommendation is to put the following combination:**

**exposure unit**

**cliches dryer**

**cliches cleaner**
