

Exposure Units

MSG 20 x 40 MSG 24 x 58 MSG 36 x 58

highly precise detail reproduction

- antistatic grid panel and profiled antistatic vacuum slide (with micro texture to maintain perfect contact)
- vacuum free from blow holes
- short exposure time
- very fine details
- easy to operate

Exposure Units

MSG 20 x 40 MSG 24 x 58 MSG 36 x 58

These vacuum exposure units of Tampomark are capable of exposing water or alcohol washable clichés.

The short exposure time and the highly precise detail reproduction are ensured by super actinic 40 W UV lights, highly durable vacuum pump and profiled antistatic vacuum slide. The antistatic vacuum slide prevents the occurrence of dust errors and guarantees a vacuum that is free from blow holes. Special reflectors assure consistent illumination of the exposure area.

Technical data	MSG 20 x 40	MSG 24 x 58	MSG 36 x 58
Cliché size	200 x 400 mm	240 x 580 mm	360 x 580 mm
Feature	3 UV light bulbs (40 W)	4 UV light bulbs (40 W)	7 UV light bulbs (40 W)
Power supply	230 V	230 V	230 V
Weight	19 kg	27 kg	35 kg
